Sorry for any confusion. I was always going to fly to Sofia to see her. I am glad all is working out now. See you there.
Could you please confirm that I will be picked up on Thursday from the airport and taken to the Hilton. Thanks.

Ok perfect.

Just one question, could you please confirm next time, because I didn't know for sure you will come, so I could not schedule it, which causes some problems for Dr. Ruja.

Thank you

And if you need something for your stay please let me know!

Best, Konstantin

Hi Konstantine,

Ruja asked me to let you know that I will be arriving on Lufthansa flight 1426 from Frankfurt in Sofia on Thursday landing at 1:00 pm. She asked that I get picked up and brought to hotel staying at Radisson this time.

Best,

Hallo Mark,

I really understand you in this point. So do you think September 15th would be adequate? Would it be possible to come to Sofia then?

Best,
Konstantin

Dear Konstantin,

I tried all I could, but I simply cannot be in Sofia until September 15, maybe even September 14. My girlfriend and I are trying to have a baby through IVF and there are a series of tests and procedures that have to happen on certain dates before the transplant procedure. The doctor recommended that nothing is changed.

As mentioned, if more urgent, I could take certain overnight trips towards Mexico and maybe meet with her on one of the Mexican Islands or Caribbean ones close to Mexico.

Again, I am very sorry for the unusual circumstances.

Best,

Mark

Hi Konstantin,

Is that the only City she will be in? I cannot travel there due to the high altitude. Otherwise I will have to come to Sofia again.

Also, I already have appointments in New York September 10 - 13, 2016 that I cannot miss.

Sorry for the difficulties, but lets try to find another way. Which days will she be in Europe and where during the next 2 -3 weeks?

Best,

Mark

Dear Konstantin,

Ruja and I need to meet somewhere for a few hours in the next couple of weeks. She mentioned she would be in Mexico soon. Which date and in which City can she meet me there?

Otherwise let's explore maybe meeting somewhere on her way to Mexico or back. I would like to avoid flying all the way back to Europe, but of course will if that is the only option.

Best,

Mark
